Crusaders of Might and Magic

<https://vetusware.com/download/Crusaders%20of%20Might%20and%20Magic/?id=17814>

Old third-person action/RPG video game. CD present in the \*.rar file in the "/\*.bin/\*.cue" format, along with pdf Manual file. Tried and tested on a virtual Windows 98 SE system under VirtualBox on a Windows 10 Host. Does not appear run on VMWare. Also kindly note, music from the CD does not play during gameplay. OST saved in "Soundtrack" folder of the \*.rar file, in \*.m4a format. Possible that such problems won't be encountered on genuine vintage hardware.
