Elvira II - The Jaws of Cerberus

<http://vetusware.com/download/Elvira%20II%20-%20The%20Jaws%20of%20Cerberus/?id=12416>

Elvira - a horror movie star, a witch, and your girlfriend - is in trouble. A demon Cerberus has kidnapped her in order to kill her and gain her power. To save Elvira, you arrive at the studios of Black Widow Productions, where she is being held. Unfortunately, the whole studio is filled with monsters, as the horror movie sets have turned real. Elvira II: The Jaws of Cerberus is an adventure/RPG first-person game. You begin by choosing one of the four classes for your character (which determines your starting attributes, such as Strength, Intelligence etc.).

Epic Pinball 2.0

<http://vetusware.com/download/Epic%20Pinball%202.0/?id=12405>

Flippers, of course!

EZEDIT 1.0

MS-DOS Editor 2.0.026

<http://vetusware.com/download/MS-DOS%20Editor%202.0.026/?id=12413>

For DOS 6/7/8

PC Pool Challenges

<http://vetusware.com/download/PC%20Pool%20Challenges/?id=12407>

Classic pool game. "...Aside from basic pool choices like direction, strength, and english, you can also do things like turn the pockets on and off, set the maximum speed at which a ball can be shot at, undo and redo, and many more. Controls: To move the cue (note: the red line is not the cue but the direction line) use the arrow keys and Home, Page Up, End, and Page Down to jump to a corner of the table. The key's position on the keyboard corresponds to which corner it will jump to. To access the options in game, press F1 or F2-F5 if you know which menu you want to open. F2, F4, and F5 will show you all the options and controls while F3 will show the game's statistics."
