IrfanView 2.05

<http://vetusware.com/download/IrfanView%202.05/?id=12456>

Small image viewing and processing tool. Runs on Windows 3.1 (requires Win32s, the extensions for Windows 3.1x)

Media Player 5.2 beta

<http://vetusware.com/download/Media%20Player%205.2%20beta/?id=12455>

16bit version of the Microsoft Media Player. Handles streaming audio/video files.

Quicktime for Windows 2.12

<http://vetusware.com/download/Quicktime%20for%20Windows%202.12/?id=12452>

Perhaps latest Quicktime version that will work with 3.1x. Incl. "Plug-in for the Internet" v1.1

Xitami 2.5b4

<http://vetusware.com/download/Xitami%202.5b4/?id=12453>

Open source, easy to setup http & ftp server.
