ActiveX Controls for Netware OCX.EXE 6

<https://vetusware.com/download/ActiveX%20Controls%20for%20Netware%20OCX.EXE%206/?id=18171>

These are the Novell created .OCX files for Visual Basic 6 (and possibly VB.NET), so VB developers could create programs which 'talked' to Netware NDS and Bindery servers. Provided as an InstallShield installer, these .OCX files extended the functionality of VB to interface with Netware servers.
