Converts MS Word .DOC files to plain text or PostScript.

EZ-DB 1.5

<http://vetusware.com/download/EZ-DB%201.5/?id=12486>

Good quality and easy-to-use simple database (shareware from "an ASP approved Publisher")

FlexiCAT 1.2

<http://vetusware.com/download/FlexiCAT%201.2/?id=12488>

Tiny but useful free database to organize phone numbers, addresses, etc.

Knots 2.0

<http://vetusware.com/download/Knots%202.0/?id=12490>

DOS based HTML browser, "displays the pages graphically, to give a better idea of the final result". (evaluation)

NotGNU 1.4

<http://vetusware.com/download/NotGNU%201.4/?id=12491>

"This is not the GNU Emacs Editor. A text editor similar to GNU emacs but much smaller and lighter." (free)

World Circuit 1.05

<http://vetusware.com/download/World%20Circuit%201.05/?id=12493>

World Circuit (or Formula One Grand Prix) - racing simulator. The game is interesting by the advanced tuning features for the car.
