Microsoft Windows 3.1 (KO)

<https://vetusware.com/download/Microsoft%20Windows%203.1%20KO/?id=18256>

Korean language Windows 3.1 disk images.

Microsoft Windows 1.03a

<https://vetusware.com/download/Microsoft%20Windows%201.03a/?id=18257>

For AT&T IBM PC Compatibles including the AT&T 6300 series This release reports itself as "1.03a"; The extra Paint disk appears to be standard. Another 1.03a AT&T OEM was seen with a similar Paint disk.
