MP M-86 2.1

<https://vetusware.com/download/MP%20M-86%202.1/?id=18425>

This is a collection of three disks containing binaries of MP/M-86 2.1 (20 July 1982). Some files also contain a version string "MP/M-86 2.0 10/5/81", which lets me assume that v. 2.1 was just a minor update. (I highly recommend using WinImage to convert the three floppy disks to the .img format.)
