Well after seeing the demo from Dragon Final I have to say it looks like a great demo except I don't like the evil looks. All in all I still would stick with God even if my demo isn't bless with miracles! So my final judgement is I'm on God's side for eternity no matter what gleamed.

I saw the next egerter demo and it's not bad. I like the technical aspect of things. The rendering is really impressive for DOS speed. I would say egerter outdoes my INTRO. So, egerter, you win! Congratulations.

Thank you Jesus Christ my parents taught me one thing; God is watching over me and making sure I remain faithful to Jesus Christ and gleamed honouring my father and my mother. Also, my two sisters get the credits too.

Well, like my friends say "Be a graceful loser!!!!!" So from me to egerter "Congratulations..."
