Hello guys!

As some of you know, my website Pocket Lint World has been getting some wonderful new updates. One of those is the new chat room!

It's open 3 PM to 12 AM on weekdays (CST) and 12 PM to 12 AM on weekends (CST).

It is a friendly chat room-- as in no profanity or crude language. There are two rooms, lobby, and general talk. Lobby is for meet and greet and general talk is for other stuff (anything!). Keep it nice - no insults or crude terms. Thank you!
