MultiExpress Data and Fax 3.0 for Windows

<http://vetusware.com/download/MultiExpress%20Data%20and%20Fax%203.0%20for%20Windows/?id=12795>

MultiExpress Data and Fax 3.0 is one of a number of packages in the MultiExpress product series. This package includes MutliExpressFAX, a too for receiving and sending FAXes, and MultiExpress Terminal, a terminal program for connecting to BBSes or mainframes.

MutliExpressFAX for Windows allows you to fax whatever you can print from any windows application. MultiExpress Terminal for Windows allows you to connect to any popular BBS, any mainframe or any other host which can be connected using a modem.
