Novell Unixware 2.01
http://vetusware.com/download/Novell%20Unixware%202.01/?id=12967
Unixware is a variant of Unix from Novell that incorporated its Netware features. It was later
absorbed and merged with SCO Unix, which took on the Unixware name.

Person Editor I with manual 1
http://vetusware.com/download/Person%20Editor%20I%20with%20manual%201/?id=12966
The IBM PC Personal Editor I, with manual. The bug was fixed according to the manual. However,
you may like to keep the original file, and original executable file is name as PE0.exe
